

# A highlight in the dark

## AREAS OF APPLICATION

POLY GLOW is a phosphorescent, washable embroidery thread that stores UV and artificial light, making embroideries and seams glow in the dark. The thread is extremely well-suited for extraordinary effects on sports-, kids- and leisure wear, bags and satchels as well as for embroidering logos and letterings.

## RECOMMENDATION OF APPLICATION

## PRODUCT FEATURES

### ■ Extraordinary luminosity

In the dark, the thread unfolds its beautiful, green luminosity. The intensity of luminosity depends on the duration of exposure to light.

Art. no. Colour

2927

### ■ Optimal sewability

The thread is very suitable for standard embroidery and sewing machines. We recommend to reduce machine speed and thread tension if necessary.
